STORY OF THE SPENZA

At Spenza Ceramics, our journey started with a bold vision: to transform interior spaces into places of inspiration, not just practicality. Over the past decade, this vision has propelled us to the forefront of the ceramic industry, where our unwavering commitment to excellence sets us apart. Each tile we create is a testament to our dedication to quality craftsmanship and innovative design, leading trends rather than following them.

We invite you to continue this remarkable journey of innovation and creativity with us. Together, let's push the boundaries of ceramic design and elevate interior spaces to new levels. Join us as we shape the future, one tile at a time, creating spaces that inspire and endure.

Full Body, Skid Resistant, Germ Free Vitrified Tile is an innovative product made from special ingredients with anti-microbial that inhibits growth of germs like bacteria and fungus. This full body product with skid resistant property can be safely used in hospitals, schools, residential areas, offices or any other commercial space, where longevity and hygiene is paramount.

Full Body
These tiles are ideal for zones with heavy footfall because even after extended use, their colour remains the same.

Skid Resistant
A versatile surface with skid resistant property these tiles perfect for zero slippage on slopes of up to 250

Germ-Free (99.99%)
A specially formulated anti-microbial glazed used during the manufacturing process enables these tiles to prevent habitation of germs like bacteria and fungus, making them an ideal choice for today's health-conscious consumers.

The full body Series is a work of diligence, providing homogeneous body tiles. The aesthetic appeal of the tile remains intact even after prolonged exposure to wear and tear, making it the most preferred durable tile. All the designs are made by mixing natural clay, feldspar, quartz and natural pigments. Our R & D experts use special pigment grains for even dispersion, ensuring minimal color variation across batches. All the touch points like silos, lifting machines, conveyor belts where the mixture passes through are treated with utmost care to nullify impurities as a precautionary measure, even the conveyor belt is covered to avoid dust.

Product Features:

- 
HIGH STRENGTH
- 
SCRATCH RESISTANT
- 
ANTI-SKID
- 
CHEMICAL RESISTANT
- 
LOW MAINTENANCE
- 
ECO FRIENDLY
